

Fairfax County Community-wide Energy and Climate Action Plan (CECAP)

Sector Sub-Group Meeting | Energy
Strategies Discussions #2

Wednesday, January 27, 2021

6:00 pm – 8:00 pm

Held Electronically via WebEx

The meeting is now being recorded.

In response to feedback, and in coordination with the County Attorneys, a shortened FOIA electronic meeting script has been prepared.

CECAP Working Group Members—Please note your general location in the chat box or send that information to Maya Dhavale at MAYA.DHAHALE@FAIRFAXCOUNTY.GOV.

Welcome & Meeting Overview

Candace Blair Cronin, Ph.D. – ICF Facilitator

Agenda

Meeting Objectives

Brainstorming in Mural

Strategy Revisions

Setting the Stage for Next Meeting

Wrap Up and Meeting Feedback

Meeting Objectives

- **Review** outcomes from December subgroup meetings.
- **Continue the discussion** around strategies and actions, implementation methods, and impacts, and **add to/endorse/modify** the list that will be included in the CECAP.
 - What should stay?
 - What's missing?
 - What should be revised?
- **Set** the stage for prioritization of strategies.
 - How should strategies be prioritized?

How to Speak Up

1. Hover over the middle of the screen and click on the speech bubble icon to activate the Chat Panel. →

2. Select the arrow next to Chat. →

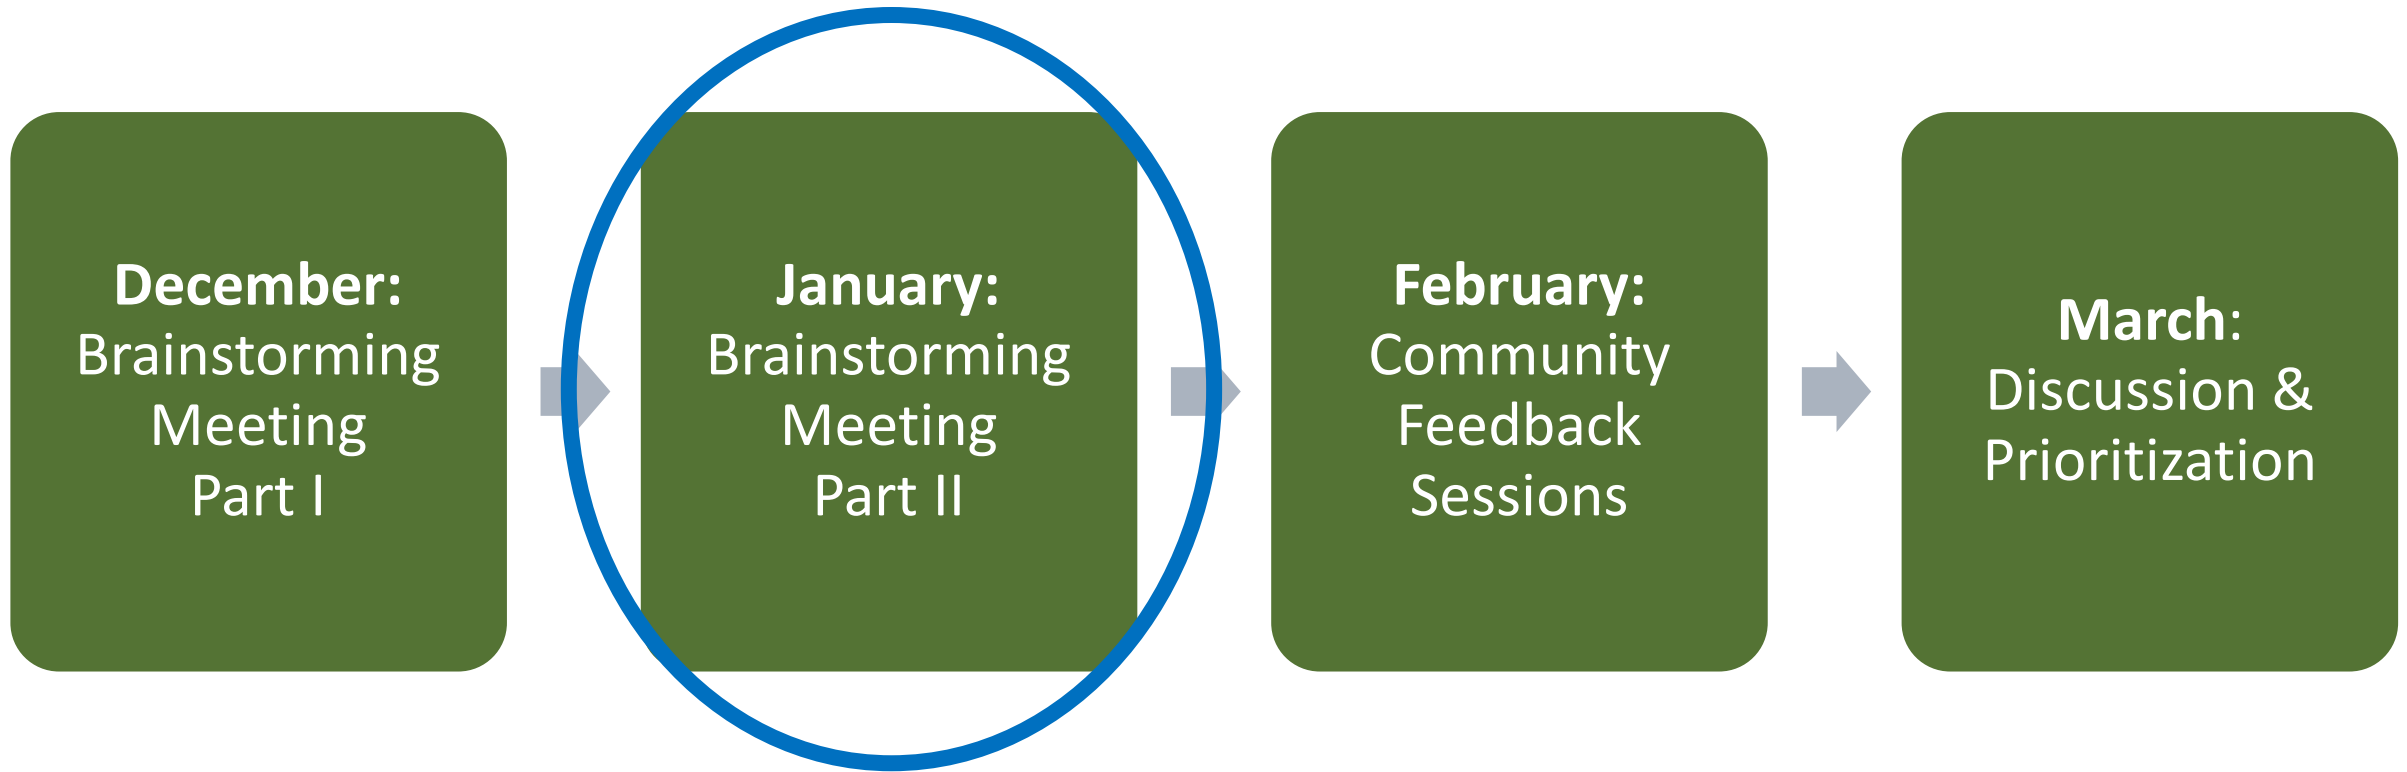

3. Type “**SPEAK**” in the Chat box and send to **All Panelists or Everyone**. →

4. The facilitator will call on you to speak.

Task 3 Timeline

Overview of December Subgroup Meetings

[Link to December Energy meeting page](#)

- Strategy #1: Increase energy efficiency and conservation in existing buildings
- Strategy #2: Pursue beneficial electrification in existing buildings
- Strategy #3: Implement green building standards for new buildings

[Link to December Transportation & Development meeting page](#)

- Strategy #7: Increase electric vehicle (EV) adoption
- Strategy #8: Support efficient land use, active transportation, public transportation, and transportation demand management (TDM) to reduce vehicle miles traveled
- Strategy #9: Increase fuel economy and use of low carbon fuels for transportation

Strategy Discussion Starters

Buildings and Energy Efficiency

- Strategy #1: Increase energy efficiency and conservation in existing buildings
- Strategy #2: Pursue beneficial electrification in existing buildings
- Strategy #3: Implement green building standards for new buildings

Energy Supply

- Strategy #4: Increase renewable energy in grid mix
- Strategy #5: Increase production of onsite renewable energy
- Strategy #6: Increase energy supply from renewable natural gas (RNG), hydrogen, and power-to-gas

Transportation

- Strategy #7: Increase electric vehicle (EV) adoption
- Strategy #8: Support efficient land use, active transportation, public transportation, and transportation demand management (TDM) to reduce vehicle miles traveled
- Strategy #9: Increase fuel economy and use of low carbon fuels for transportation

Waste

- Strategy #10: Reduce the amount of waste generated and divert waste from landfills and incinerators
- Strategy #11: Responsibly manage all waste streams

Forestry and Land Use

- Strategy #12: Support Preservation and expansion of Quality Natural Resources

Brainstorming on Mural Board

The Mural link will be sent via chat to All Panelists.

Networking Break 10 minutes

Strategy Revisions

Candace Blair Cronin, Ph.D. – ICF Facilitator
Adam Agalloco - ICF

Review and Revise Strategies

- Should any strategies be revised?
- Should anything be added?
- Should anything be removed?

Strategy Discussion Starters Redux

Buildings and Energy Efficiency

- Strategy #1: Increase energy efficiency and conservation in existing buildings
- Strategy #2: Pursue beneficial electrification in existing buildings
- Strategy #3: Implement green building standards for new buildings

Energy Supply

- Strategy #4: Increase renewable energy in grid mix
- Strategy #5: Increase production of onsite renewable energy
- Strategy #6: Increase energy supply from renewable natural gas (RNG), hydrogen, and power-to-gas

Transportation

- Strategy #7: Increase electric vehicle (EV) adoption
- Strategy #8: Support efficient land use, active transportation, public transportation, and transportation demand management (TDM) to reduce vehicle miles traveled
- Strategy #9: Increase fuel economy and use of low carbon fuels for transportation

Waste

- Strategy #10: Reduce the amount of waste generated and divert waste from landfills and incinerators
- Strategy #11: Responsibly manage all waste streams

Forestry and Land Use

- Strategy #12: Support Preservation and expansion of Quality Natural Resources

Setting the Stage for Next Meeting

Candace Blair Cronin, Ph.D. – ICF Facilitator
Adam Agalloco - ICF

Setting the Stage for Next Meeting

- **Select Prioritization Criteria & Values**
 - How should strategies be prioritized?
 - How should impacts be presented?
 - How do we reconcile the criteria/values between the two subgroups?
- **Prioritize Strategies and Actions**
 - Review prioritization criteria
 - Prioritize strategies and actions
- **Discuss Sector-Specific Goals**
 - Should there be sector-based goals?
 - If so, what sectors and how many?

Wrap-up and Next Steps

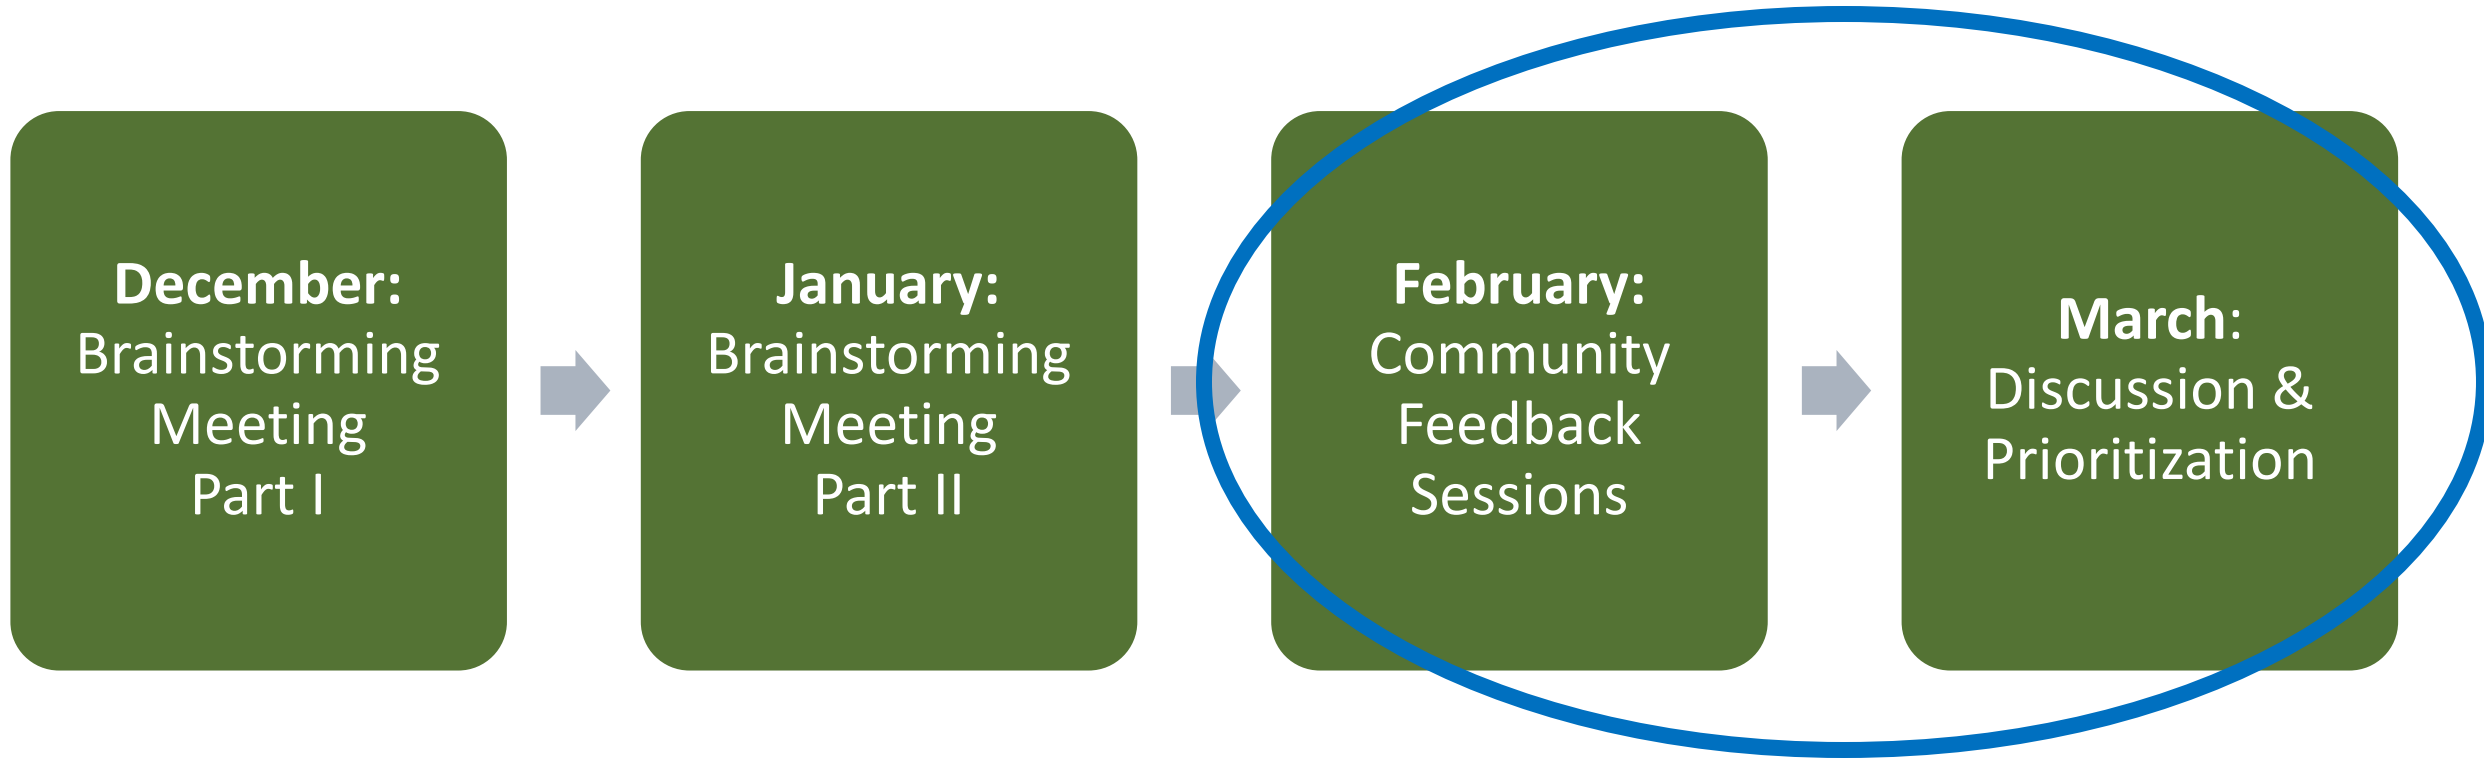

Candace Blair Cronin, Ph.D. – ICF Facilitator

Review of Meeting Objectives

- **Reviewed** outcomes from December sector subgroup meetings.
- **Discussed** and continued to add/endorse/modify strategies and actions via the Mural board.
- **Revised** strategies and discussed modifications.
- **Set** the stage for the March meetings.

Next Steps

Feedback

How are we doing with...

- Communications?
- Meeting information?
- Meeting length?
- Ability for everyone to participate?

Please provide your feedback in the WebEx chat box or via email to cecapoutreach@fairfaxcounty.gov.
